

## HEALTH, SAFETY AND WELFARE POLICY STATEMENT

Fire Alarm Fabrication Services (02565127) is committed to ensuring the Health, Safety and Welfare of all employees and Contractors who may be engaged to carry out activities on our behalf and any customers or member of the public affected by our undertakings. Fire Alarm Fabrication Services recognises the importance of Health, Safety and Welfare matters and as such, strive to ensure that they are an integral part of Fire Alarm Fabrication Services culture with commitment to continual improvement. Health, Safety and Welfare is seen as a key driver with respect to achieving success in our business objectives and the business will never knowingly compromise Health, Safety or Welfare, irrespective of market or business opportunity, Whilst it is recognised that overall responsibility for Health, Safety and Welfare rests with the Chief Executive Officer, practical application of safety responsibilities is entrusted to the Compliance Manager, to provide a working environment, which is safe and has no adverse effect on the health of any person working for or on their behalf.

The main objectives of the Health, Safety and Welfare Policy are:

- To comply with all current and relevant health and safety legislation and subscriptions.
- To prevent and reduce personal injuries to our personnel and those affected by our activities
- To ensure health and safety is applicable to all staff and remains a key management responsibility.
- To allocate sufficient resources, including technologies, to provide and maintain a place of work that is, so far as is reasonably practicable, safe and healthy.
- To ensure that all relevant Health, Safety and Welfare information, instruction and training related to work and responsibilities is communicated to all persons engaged in the operation of Fire Alarm Fabrication Services undertakings, and to persons using Fire Alarm Fabrication Services premises.
- To ensure that suitable and sufficient systems and procedures are put into place for the safety of all persons at Fire Alarm Fabrication Services premises in the event of an emergency situation.
- To ensure the provision of suitable first aid facilities and the availability of professional medical advice.
- To promote a positive Health and Safety Culture within Fire Alarm Fabrication Services
- To establish realistic Health & Safety improvement objectives
- To firmly seek involvement and participation from our people to achieve such objectives.
- To continuously improve our safety systems and performance.
- To conform and maintain the Company's OHSAS 18001 commitment.

The Health, Safety and Welfare Policy and supporting suite of Safety Policy and Procedure documents shall be reviewed regularly, at a minimum of every year or following significant legislative changes, where improvements have been identified or where accident investigation identifies the need. It will be communicated to all staff via company Inductions, websites, Intranet, notice boards and issued to remote personnel. It will be made available to visitors to Fire Alarm Fabrication Services who may use the premises. The signatory review and script applies to the full suite of Fire Alarm Fabrication Services and Procedures
